Coveted Consultant

To Alzay Calhoun:

I would like to thank you for reaching out to provide marketing assistance to my small accounting practice. You provided exactly the services you stated in a very swift manner. I would not have been able to put my company's name out in front of as many people without your help. Thank you for providing the spark that will push my business to the next level.

Sincerely,

A handwritten signature in cursive script that reads "Carl D. Long".
